Superior Power Li-ion

Li-ion

Includes Tripod & Staff

The NEW RedBack Builders Laser is the latest choice in outdoor levelling.

Utilising 360 degree line technology and powered by Superior Li-ion battery power this laser is the ideal choice for general outdoor levelling. The RedBack Builders Laser can operate in excess of 300m diameter using the included LLR705 Line Receiver. It surpasses many rotating lasers and with few moving parts and rugged build this laser is extremely reliable. Additionally indoors its ultra bright visible horizontal line makes it ideal for many fit out & Installation applications.
